EXAMINER'S AMENDMENT

1. Applicant's Request for Reconsideration filed September 2, 2010 has been received, considered and entered by Examiner.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
3. Authorization for this examiner's amendment was given in a telephone interview with Duane M. Byers on September 10, 2010.
4. The following amendments to the specification are made to correct the omission of Fig. 5 from the drawings (and the omission of any description of a Fig. 5 from the specification). Substitute drawings must be submitted to comply with 37 CFR 1.84(u)(1) ("The different views must be numbered in consecutive Arabic numerals..."). Since Fig. 5 is missing, Fig. 6-38 must be renumbered to Fig. 5-37. Since there is no description of a Fig. 5 from the specification, in the amendments below, all instances of Fig. 6-38 in the specification have been lowered by one to conform with the required renumbering of the figures (for example, all instances of Fig. 6 have been changed to Fig. 5).
5. The application has been amended as follows:

Allowable Subject Matter

6. Claims 1-7 and 13 are allowed.

Reasons for Allowance

7. The following is an examiner's statement of reasons for allowance:

In regard to independent claims 1 and 13, the prior art of record fails to teach a synthetic resin multilayer structure as claimed. As Applicant states in the Request for Reconsideration filed September 2, 2010 (page 4), the zigzag-shaped double fold of the instant invention is shown in Fig. 4 and 6 of the application, and in the corresponding sections of the specification. The prior art of record, Sadr (USPN 6,467,643) and Short (USPN 6,613,408), do not teach the zigzag-shaped double fold structure shown in Fig. 4 and 6 of the application.

Conclusion

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
